

St Andrew's heritage building restoration:

Farmers can you please
Help us!

A community project: **DONATE A CALF**

For the RESTORATION of St Andrew's Inglewood.

This 100-year-old Church building was funded and built by the community and dedicated to the local soldiers who lost their lives in WW1.

The St Andrew's Inglewood Parish have almost raised \$400,000. Ardern Peters Architect & Project Manager commenced in February to prepare the design and plans.

The church community cannot restore this building by themselves. The restoration process includes finding an additional \$400,000 from the community. We believe community services could be operated from the restored Church. This would provide benefits to the Inglewood community.

This building belongs to the community and is held in Trust by the Taranaki Anglican Trust Board. The building is currently closed due to being an earthquake risk.

St Andrew's Church Inglewood is:

- A landmark & Historic Building
- The original memorial to the 137 local men who lost their lives in WW1
- A centre for peace & reconciliation
- Potentially a new community centre offering a range of services

HOW CAN YOU HELP?

Rear a calf to 100kgs. Stock agent, Jeff See will pick up the calves and sell on behalf of the St Andrew's Restoration Committee. The money goes into a "Restoration Account" to be used exclusively for that purpose.

Preferred stock includes Friesian and Herefords (black & white head) bulls. Stock must be tagged.

We are a Charitable Trust. Tax receipts will be issued.

OR you can make a direct payment:

St Andrew's Inglewood Restoration account - 15-3946-0409919-080

To make this restoration happen. We really appreciate your support.
